DNA VIBE
REGENERATIVE LIGHT THERAPY®

DNA:VIBE

DNA:VIBE

#DNAVIBE

No Chemicals. No Drugs. No Invasive Procedures.

IT'S A SINE!

(Know what this means?)

REDUCE STRAIN & HELP PREVENT INJURY

ACCELERATE & IMPROVE RECOVERY

SOOTH STIFFNESS, ACHES & PAINS

REST EASIER AND CALM STRESS & ANXIETY

A US-based manufacturer of patented & award-winning regenerative wearables, DNA Vibe's tech is nothing like any other light or energy therapy you've ever seen or heard about (hence the patent). DNA Vibe's regenerative tech is literally 20 times **LESS** powerful than the **LEAST** powerful light-based devices on the market, and one-million times less powerful than typical PEMF technologies. Odd thing to boast about, right? But, when you hear why that is, you'll understand why it's orders of magnitude **MORE** powerful where it matters most: Boosting performance and preventing injury while helping people live happier, healthier, more active lives - NATURALLY.

DNA Vibe is trusted by hundreds of pro athletes (MLB, NFL, NBA, PGA, USTA, MMA), thousands of top clinical health & fitness professionals, and over 100,000 Moms, Dads, Grandparents & Kids to level-up. As USA TODAY's Best Gift, WebMD's Best New Holistic Product, COOLEST Thing Made in Colorado, and Health 2.0's Visionary Innovation Leadership Award winner, DNA Vibe is making waves (literally!).

But don't take our word for it - and don't just buy our product either. Simply join us for a private 30-minute Zoom at your convenience, and after enjoying an eye-opening scientific thrill ride, find out how it can work for you and those you look after. We don't want to sell you. We want to inspire you.

Contact: infinity@dnavibe.com

Feel Better. Be Better. Guaranteed.

The patented **Cervical Headpiece** of the Cox8® Instrument eliminates the risk of physician-based treatment injury. The Cox8® cervical headpiece allows for **full treatment of the cervical spine** with low velocity treatment reducing the need for high velocity treatments.

The **Control Box** of the Cox8® Instrument features durable tactile buttons, ergonomic layout to **improve functionality**, and the intelligence for the complete operation of the instrument.

The **Precision-Balanced Caudal** section and thoracic drop allows practitioners to **treat patients of any body type with ease**. Once the tension is set for the patient's weight the practitioner may provide treatment with the effort of a single finger. Equipped with pull to force and/or pull to distance flexion distraction the Cox8® table can treat everyone.

The **Caudal Tiller Bar** is the **"magic wand"** of the Cox8® Instrument. Featuring full table operation, ergonomic operation, ¼ turn lock for convenient storage, and manipulation of the flexion distraction.

THERALIGHT

The Same Devices You Love With the Upgrades and Integrations You've Been Looking For

TheraLight 360

- 165 mw/cm²
- Irradiance Over 45,000
- Diodes LED End Caps
- Internal Control Panel
- External Control Tablet
- Bluetooth Speakers

Each TheraLight 360 has the option to enhance user experience and upgrade to a 360i which stands for integration., with PEMF leading the way, and continual innovation on the horizon

ADDITIONAL BENEFITS

- Patented Multi Wave Technology
- Nation Wide Support & Tech
- Onsite Install & Training Ready
- To Ship Product Continual
- Innovation

“SWITCHING TO CHUSA SAVED MY PRACTICE. —AND MADE IT FUN AGAIN.”

“When I first opened, taking insurance was draining—not just financially, but emotionally.

Dropping insurance and offering CHUSA was a game changer. Patients loved it even more than using their insurance, and my practice metrics skyrocketed.

In only six months, my collections went to 100%, \$VA jumped from \$40.82 to \$71.97, case average soared from \$476.46 to \$1,513.64.

Plus, it made chiropractic fun again!

*If you're on the fence, sign up for CHUSA now— **you won't regret it!**”*

RHEESEN®

Transdermal Regenerative Technology

INNOVATIVE REGENERATIVE TECHNOLOGY WITHOUT INJECTIONS

The only transdermal regenerative cream on the market containing Bioactive Biomolecules derived from Human Mesenchymal Cells

Designed for deep penetration to deliver a proprietary blend of bioactive biomolecules right where they are needed.

Minimal cost regenerative technology with low risk to patient.

“

I am Dr. Julie Gatza and I have been experiencing chronic hip pain for over a year. I have had to quit yoga because of my hip. It's been 10 out of 10 pain even putting socks and shoes on each morning. I was a skeptic, I did not believe in RheeGen initially. I have owned two stem cell clinics and know how stem cells work but I did not believe you could have a product introduced through the skin that really makes a difference in the joints. I am now 30 days into using RheeGen morning and night and my hip pain is over 50% better. There are now mornings where I don't even think about my hip when putting my shoes and socks on. I have made no other changes in my routine, diet or exercise while using RheeGen. I was 100% a skeptic and was actually rude about the product ... now I have to take it back and look forward to helping my family and friends get results.

DOCTOR
TESTIMONIALS

—Dr. Julie Gatza

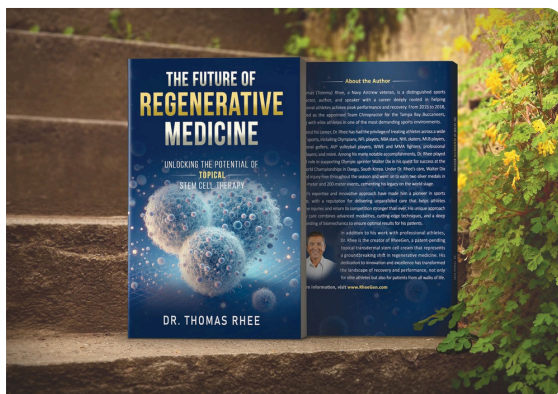

Individual results may vary. This product is not intended to diagnose, treat, cure or prevent any disease.

Studies show significant decrease in aches and discomfort

Mission Statement

- ⊗ To provide the highest quality chiropractic health service to the individual players and staff members of the team we serve.
- ⊗ To initiate/continue a better understanding of chiropractic care for athletes, coaches, and administrative and healthcare staff of the respective teams.
- ⊗ PBCS serves its members by providing continued education for professional sports chiropractors as it relates to the profession, helping improve their understanding and knowledge of sports medicine. The purpose is to elevate the health of those that they serve.
- ⊗ To interact with other specialties and organizations concerned with the disciplines of education and clinical practice in a professional setting.
- ⊗ PBCS also serves as a resource to educate those outside the professional baseball chiropractic community about the profession and the chiropractor's integral role within the sports medicine team.
- ⊗ Our goal is to enhance the health and performance of each and every individual athlete and staff member so that they may express their optimal health potential.
